EXPLANATORY NOTE

The following material has been copied and proofread at the source, and the typing compared with the copy, in an attempt to insure the utmost in accuracy. The original manuscripts have been followed literally as to spelling, and have otherwise been exactly reproduced within the mechanical limitations imposed by the typewriter.

The arbitrary sign $\overset{''}{-}$ has been employed to indicate two things:

1. Characters found in the originals which have no equivalent on the typewriter;
2. The terminations st, nd, rd, and th (as in 1st, 3rd, 5th, etc) when these terminations are not clear in the originals.

Owner: Mr. Arthur Heard Dudley, Wayland Mass.

Condition: Good

EBENEZER STAPLES

was born about 1734, place of birth and parentage unknown.

By 1755 he was in Sudbury, and on Feb. 20, 1755, he married Abigail Curtis, a neice of Joseph Curtis (also listed). They lived in a house built by Ebenezer on present-day Draper Road, south of Glezen Lane, and they became the parents of six children between 1755 and 1772. He was a woodworker by trade, and a copy of his account book is on file at the Wayland Public Library. Based on his accounts, Ebenezer's highest volume product appears to have been wooden caskets.

He participated in the French & Indian Wars as a private in Capt. Moses Maynard's First Foot Co. of Sudbury militia. In August, 1757, he was among those who marched off to Springfield in response to the Fort William Henry alarm. After two weeks it became apparent that General Montcalm's army was not an immediate threat, and the company returned to Sudbury.

By 1771, at age 37, he had risen in rank to become Second Lieutenant of the First Co. in Sudbury's troop of horse.

However, for some reason his name is not listed among those who responded to the Lexington-Concord alarm of April 19, 1775. Nor is he found to be a participant in any active duty during the Revolution. His only service appears to have been in the Sudbury militia after 1775. He was listed on the muster roll of Capt. Nathaniel Maynard's militia company in 1778, and the town paid him £18 for his services.

He died suddenly at age 72 on June 23, 1806.
